

## FLOAT FRAMES

Simply stunning! Float frames are solid wood frames where the art is mounted with a space between the frame and the metal print or canvas wrap. The print appears to be floating within the frame. Each solid wood frame moulding is carefully inspected to insure gallery quality levels. These are the piece de resistance! For a serious conversation piece, try a large format float frame.

Choose from black, silver, or gold frames. If you wish, we can choose the color that coordinates best with the image you've chosen.

Indicate the exact image title. We will crop the image to best suit the final size format.
